Academia Iria Flavia was founded in 1994 in Santiago de Compostela. It is very centrally located, at a 2-minute walk from the historic district of the city and very close to all the major monuments.

It is a small, family-like school managed directly by the owners.

It offers 6 classrooms and an area with computers with free Internet

Academia Iria Flavia Lo primero que quieren hacer nuestros alumnos cuando comienzan a sentirse cómodos con el español es contar algun chiste. Nos encanta eso! :) En el aula 5 estamos escuchando a un brasileño contándole divertidas anécdotas de su país a una alemana.

Academia Iria Flavia Shigeru, de Japón, aprende español con nosotros y gallego con sus amigos de Vigo y Santiago. A ver qué le enseñáis! ;) ///ajaja

Academia Iria Flavia Tenemos a una joven pareja de Hong Kong (de apenas veintipocos años) aprendiendo español con nosotros durante varias semanas. Y no es el primer caso en nuestra escuela. Para nuestra mentalidad de españoles resulta admirable cómo los asiáticos viajan solos tan lejos y tan jóvenes.

access for students. Furthermore, there is wi-fi connection available in all the facilities.

The total number of students can reach 90; the average group size is 5 students with a maximum of 8. It is very easy, therefore, to contact all the school staff, both teachers

and administrative or managerial.

Actually, relation with teachers is one of the most important values you will find while you are here. You relate to your teacher in the classroom, but also to other groups' teachers during coffee breaks or other activities.

In order to select the teachers for our Spanish courses, we assess their training and professionalism, but also their human qualities: friendliness, capacity to create a good environment in the classroom and their liking "giving a hand" in and out of the school.

All these points sum up to reach our objective: helping you learn Spanish in a relaxed, familiar and entertaining environment.
